**REPORT BY THE CLAIMS ADMINISTRATOR OF THE DEEPWATER HORIZON
ECONOMIC AND PROPERTY DAMAGES SETTLEMENT AGREEMENT ON THE
STATUS OF CLAIMS REVIEW**

AMENDED STATUS REPORT NO. 8A, DATED JUNE 12, 2013

The Claims Administrator of the Deepwater Horizon Economic and Property Settlement Agreement (the “Settlement Agreement”) submits this amended Report to restate the data in Table 8 of Status Report No. 8, dated April 11, 2013. The time period for this Report No. 8 is March 11, 2013, through April 10, 2013, and the only change from the original Report is new data in section A of Table 8. The Claims Administrator will provide any other information in addition to this amended Report as requested by the Court.

I. STATUS OF THE CLAIMS REVIEW PROCESSES AND CLAIM PAYMENTS

A. Claim Submissions.

1. Registration and Claim Forms.

The Claims Administrator opened the Settlement Program with needed functions staffed and operating on June 4, 2012, just over 30 days after the Claims Administrator’s appointment. We have received 139,097 Registration Forms and 152,461 Claim Forms since the Program opened, as shown in the Public Statistics for the Deepwater Horizon Economic and Property Damages Settlement (“Public Report”) attached as Appendix A. Claimants have begun but not fully completed and submitted 12,401 Claim Forms. The Forms are available online, in hard

copy, or at Claimant Assistance Centers located throughout the Gulf. Of the total Claim Forms submitted, 15% of claimants filed in the Seafood Program, 21% filed Individual Economic Loss (IEL) Claims, and 31% filed Business Economic Loss (BEL) Claims (including Start-up and Failed BEL Claims). *See* App. A, Table 2. DWH staff at the Claimant Assistance Centers assisted in completing 28,534 of these Claim Forms. *See* App. A, Table 3. The nineteen Claimant Assistance Centers also provide other forms, including Personal Representative Forms, Subsistence Interview Forms and Sworn Written Statements and Authorizations.

2. Minors, Incompetents and Deceased Claimants.

The table below describes the claims filed on behalf of minors, incompetents and deceased claimants in the Settlement Program.

Table 1. Minors, Incompetents and Deceased Claimants

3.	Eligible for Payment	1	0	24	+5	85	+11
4.	Approval Orders Filed	0	0	18	+8	57	+14

3. Third Party Claims.

Court Approved Procedure Order No. 1 (as entered September 9, 2012, and amended March 11, 2013) (“CAP”) defines the process by which the Claims Administrator will receive, process and pay the claims and/or liens asserted by attorneys, creditors, governmental agencies, or other third parties against the payments to be made by the Claims Administrator to eligible claimants under the Settlement Agreement (“Third Party Claims”). The Amended CAP streamlines the enforcement documentation requirements to support a Valid Third Party Claim

and notifies the parties that the Court will adopt a Third Party Claim Dispute resolution process for attorney fee liens and Third Party Claims other than those asserted by a state or federal agency. On April 9, 2013, the Court appointed Judge Jerry Brown as the Attorney Liens Adjudicator.

We will not honor an asserted Third Party Claim unless the Third Party Claimant provides us with documentation that supports a Valid Third Party Claim. We now require a Third Party Claimant to send us enforcement documentation soon after the initial Third Party Claim assertion, and we notify the claimant about an Enforced Third Party Claim against a potential Settlement Payment as soon as we receive sufficient documentation, regardless of where the underlying Settlement Program Claim is in the review process. The claimant may, but does not have to, object to the Third Party Claim at this time. After we send an Eligibility Notice to the affected Settlement Program claimant against whom an Enforced Lien has been asserted, we send the claimant/claimant's attorney and the Third Party Claimant a Notice of Valid Third Party Claim and provide the claimant 20 days to notify us of any objection to the Third Party Claim.

We continue to process and pay Third Party Claims as reflected in Table 2 below.

Table 2. Third Party Claims

¹ The streamlined enforcement requirements allow us to assess validity earlier in the process, although we will not know if a valid TPC is asserted against a payable claim until the Eligibility Notice goes out.

B. Claims Review.

We completed our first reviews and issued our first outcome notices on July 15, 2012, and Payments on July 31, 2012. There are many steps involved in reviewing a claim so that it is ready for a notice.

1. Identity Verification.

The Tax Identity Number (TIN) Verification review is the first step in the DWH claims review process. The table below contains information on the total number of claimants reviewed in the Program, the outcome of those reviews, and the percentage of claimants that receive Verification Notices after review.

² If the TPC amount is in dispute, we pay the claimant the undisputed portion of his/her/its Settlement Payment. A Third Party Claim can be asserted against one or more Settlement Program Claims.

Table 3. Identity Verification Review Activity.					
	Outcome	Claimants Reviewed Since Last Report	Monthly Percentage	Total Claimants Reviewed	Total Percentage
1.	Verified During Review	3,411	70.47%	37,381	78%

5.	Total Reviewed	4,845	100%	48,025	100%

The table below contains information on the number of TIN Verification Notices issued, how many have been cured after the claimant responded to the Notice, and the average time to cure in days.

3.	EIN Notice	8,022	6,165	77%	80
4.	Total Issued	10,644	8,223	77%	119

2. Employer Verification Review (“EVR”).

The EVR process ensures that all employees of the same business are treated uniformly and that each business is placed in the proper Zone. The review also walks through the intricate analysis necessary to assign the right NAICS code to a business. The EVR team has completed the EVR analysis for over 135,000 businesses and rental properties.

From March 11, 2013, through April 10, 2013, the team completed the EVR step for 14,452 businesses and properties. We identified an average of 449 new businesses and properties to review each day and completed the EVR review for an average of 466 businesses

and properties each day. We continue to review new businesses and rental properties on a first-in, first-out basis.

3. Exclusions.

The Exclusions review process ensures that claims and claimants excluded under the Settlement Agreement are appropriately denied. The Exclusions team guides the reviewers and the EVR team when questions arise during the exclusion determination. Table 5 below shows the number of Denial Notices issued to date for each Exclusion Reason and the team responsible:

4. Claimant Accounting Support Reviews.

A special team handles Claimant Accounting Support (“CAS”) reviews. CAS reimbursement is available under the Settlement Agreement for IEL, BEL, and Seafood claims. After a claim is returned from the Accountants or BrownGreer’s reviewers as payable and the Compensation Amount is known, the CAS team reviews accounting invoices and CAS Sworn Written Statements. Table 6 includes information on the number of CAS reviews we have completed to date, whether the Accounting Support documentation was complete or incomplete, and the amounts reimbursed.

5. QA Review.

The Quality Assurance (“QA”) process addresses three fundamental needs of the Settlement Program, which are to: (a) ensure that all claims are reviewed in accordance with the policies of the Settlement Agreement by targeting anomalous claims results through data metrics analysis; (b) provide a mechanism to monitor reviewer performance and the necessary tools to efficiently and effectively provide feedback to reviewers; and (c) identify areas of review resulting in high error rates that require retraining or refined review procedures and data validations.

We have implemented a reviewer follow-up process for all claim types. We provide daily follow-up to reviewers whose claims resulted in different results after a QA review the day before. We also have a report that identifies specific reviewers who require re-training, and reveals whether there are issues that warrant refresher training for all reviewers. Table 7 shows, by Claim Type, the number of claims identified for QA review through the database QA process, as well as how many QA reviews have been completed, how many are in progress, and how many are awaiting review.

Table 8 provides information on the number of claims filed, how many claims have been reviewed to Notice, the claims remaining to review, and how many claims were reviewed to

either a Notice or “Later Notice” to date, by claim type. Table 8 splits the claims reviewed to a “Later Notice” into separate sections distinguishing claims receiving Notices after we conduct a Reconsideration review from claims reviewed for additional materials submitted by a claimant in response to an Incompleteness Notice.

C. Claim Payments.

1. Notices and Payments.

We issued our first payments to claimants on July 31, 2012. Tables 4 and 5 of the Public Report attached at Appendix A provide detail on the notices and payments issued to date. As of April 10, 2013, we have issued 34,683 Eligibility Notices with Payment Offers totaling \$2,717,848,918 billion. As of that date, we also have made over \$1.9 billion in payments on 28,167 claims.

2. Claimants in Bankruptcy.

On February 20, 2013, the Claims Administrator approved the procedures for making Settlement Payments to claimants in bankruptcy. As a result, in the last month, we sent out 30 Representative of Claimant in Bankruptcy Notices to claimants who had a bankruptcy hold, had received an Eligibility Notice and had a previously accepted Release. At the time of this report, five claimants who received the Bankruptcy Notice have returned sufficient, responsive documents. Of those five claimants, four have been submitted for payment. We reached out to eight claimants who responded to the Bankruptcy Notice but did not provide all of the requested information and documents. Finally we issued an additional 30 Bankruptcy Notices to claimants

who have a bankruptcy hold, have received an Eligibility Notice and have not previously received a Bankruptcy Notice.

D. Re-Reviews, Reconsiderations and Appeals.

1. Re-Review Reviews and Outcomes.

The Claims Administrator implemented a Re-Review process beginning on January 18, 2013, that provides claimants with the opportunity to request a Re-Review of their claim within 30 days after an Eligibility or Denial Notice if they have additional documents not previously submitted to support their claim. This Re-Review leads to a Post Re-Review Notice, from which claimants may then request Reconsideration if they wish. To date, there have been 21,886 Eligibility and Denial Notices issued from which claimants can request a Re-Review. Of those, 4,796 are still within the 30 day window to seek Re-Review and have not yet done so, leaving 17,090 that have passed the window for seeking Re-Review. Of those, claimants have asked for Re-Review of 871 claims. Thus, the rate of Re-Review from all final determinations is 5.1%. The rate of Re-Review from Eligibility Notices is 3% and the rate of Re-Review from Denial Notices is 12%.

Table 9 summarizes the Re-Reviews Reviews we have completed, the number of Post-Re-Review Notices we have issued, and whether the outcome of the Re-Review review resulted in an award that was higher (↑), lower (↓), or the same (↔). The table also includes information showing whether an original Exclusion Denial was confirmed or overturned on Re-Review. The number of Notices issued is fewer than the reviews completed because there is a 36 hour lag time between when the review is completed and when the Notice is issued.

2. Reconsideration Reviews and Outcomes.

To date, there have been 56,559 Eligibility, Denial and Incompleteness Denial Notices issued from which claimants can seek Reconsideration. Of those, 9,426 are still within the 30 day window to seek Reconsideration and have not yet done so, leaving 47,133 that have passed the window for seeking Reconsideration. Of those, claimants have asked for Reconsideration of 5,827 claims. Thus, the rate of Reconsideration from all final determinations is 11.9%. The rate of Reconsideration from Eligibility Notices is 6% and the rate of Reconsideration from Denial and Incompleteness Denial Notices is 25%.

Table 10 summarizes the Reconsideration Reviews we have completed, the number of Post-Reconsideration Notices we have issued, and whether the outcome of the Reconsideration review resulted in an award that was higher (↑), lower (↓), or the same (↔). (a) BP Appeals.

To date, we have issued 12,177 Eligibility Notices that meet or exceed the threshold amounts rendering them eligible for BP to appeal. Of those, 303 are still within the time for BP to appeal, leaving 11,874 that have passed the window for BP to consider whether to appeal. Of

those 11,874, BP has appealed 1,020, or only 8.5%. However, out of the 1,020 claims BP has appealed, they have subsequently withdrawn 103 appeals, and another 31 have been resolved for the same amount of the Eligibility Notice. Thus, out of the 1,020 claims BP has appealed, 134 have either been withdrawn or resolved, confirming that the outcome of the review was correct. If we remove those 134 from the 1,020 BP has appealed to arrive at a more realistic “rate of disagreement” BP has with our results, that leaves 886 claims out of 11,874, or a 7.5% rate of disagreement.

Table 11 provides summary information on the status of BP’s appeals.

(b) Claimant Appeals.

Before a claimant may appeal, he must seek Reconsideration and receive a Post-Reconsideration Notice. To date, we have issued 2,723 Post-Reconsideration Notices. Of those, 374 are still within the time for the claimant to appeal, leaving 2,349 that have passed the window for the claimant to consider whether to appeal. Of those 2,349, claimants have appealed 384, or 16.3%. Of the 384 Claimant Appeals, 241 are appeals of Post-Reconsideration Denial Notices and 143 are appeals of Post-Reconsideration Eligibility Notices.

II. CLAIMANT OUTREACH EFFORTS

We have continued our Claimant Outreach efforts since the previous Court Status Report:

A. Law Firm Contacts.

The Law Firm Contacts team increased their outreach efforts to include calls related to Identity Verification Incompleteness Notices, in addition to continued outreach efforts across several damage categories related to incompleteness reasons. Many calls were held in collaboration with the accountants to efficiently address documentation requirements and resolve Program questions.

B. Communications Center (CCC).

The CCC continued outreach efforts established in recent months. These continuing outreach campaigns included calls to claimants who emailed the Program with questions or status inquiries, incomplete claims, and Identity Verification issues. The CCC expanded outreach efforts to also include calls to claimants with incomplete payment documentation. The efforts of this outreach resulted in a total of over \$14,200,000 payments to be issued that were previously incomplete for certain payment documents.

C. Claimant Assistance Centers (CACs).

The Claimant Outreach Program (COP) continues at the CACs. Between March 11, 2013, and April 11, 2013, the COP Team completed over 2,700 calls to claimants. The CACs continued to reach out to claimants with incomplete claims across all damage categories. In addition to these outreach efforts, the team called claimants who filed claims of all claim types in a CAC.

D. Summary of Outreach Calls.

The table below summarizes some of the Claimant Outreach Program efforts:

III. POLICY KEEPER

Under the terms of the Deepwater Horizon Economic and Property Damage Settlement Agreement (“Settlement Agreement”), the Claims Administrator is charged with the duty to “faithfully implement and administer the Settlement, according to its terms and procedures, for the benefit of the Economic Class, consistent with this Agreement, and/or as agreed to by the Parties and/or as approved by the Court.” (Section 4.3.1 of the Settlement Agreement). Further, the Claims Administrator is charged with the responsibility to “work with Economic Class Members . . . to facilitate . . . assembly and submission of Claims Forms, including all supporting documentation necessary to process Claims Forms under the applicable Claims Processes . . . [and to] provide Economic Class Members with assistance, information, opportunities and notice so that the Economic Class Member has the best opportunity to be determined eligible for and receive the Settlement Payment(s) to which the Economic Class Member is entitled under the terms of this Agreement.” (Section 4.3.7 of the Settlement Agreement). In accordance with these provisions, the Claims Administrator has adopted numerous policies affecting the administrator of claims under the Settlement Program.

On March 28, 2013, we introduced a new feature called Policy Keeper to keep track of the current policies and provide an effective and efficient approach to creating new policies. This application replaced the prior method of email and memo writing to develop and track policies. The web-based tool allows the Claims Administrator, Parties and Vendors to review and comment on Settlement Program policies developed to assist in the claims review process. Policy Keeper includes email notifications that alert all necessary parties to a policy’s creation and any requested action needed to finalize the policy. Along with the new development process

for policies, we added the existing policies to Policy Keeper and included any “legislative” history.

In addition to adding this new feature to the Portals for the Claims Administrator, Parties and Vendors, we added a Policy Keeper link to the DWH Portal and public website that allows users to search for policies created for the Settlement Program. This public Policy Keeper link lets the public search for the 64 policies that the Parties agreed to promulgate publicly. The public can review the policies, how they were decided and what Claim Types the policies affect. The application also provides the ability to export the policies into an Excel report and print a PDF of any Final Policy.

IV. CONCLUSION

We offer this Report to ensure that the Court is informed of the status of the Program to date. If the Court would find additional information helpful, we stand ready to provide it at the Court’s convenience.

CERTIFICATE OF SERVICE

I hereby certify that the above and foregoing pleading has been served on All Counsel by electronically uploading the same to Lexis Nexis File & Serve in accordance with Pretrial Order No. 12, and that the foregoing was electronically filed with the Clerk of Court of the United States District Court for the Eastern District of Louisiana by using the CM/EDF System, which will send a notice of electronic filing in accordance with the procedures established in MDL 2179, on this 12th day of June, 2013.

/s/ Patrick A. Juneau
Claims Administrator

Claims Administrator Patrick Juneau has announced that the Settlement Program began issuing payments on July 31, 2012, and has been issuing outcome Notices since July 15, 2012. The Program will issue Notices on a rolling basis as we complete reviews, and they will include Eligibility Notices, Incompleteness Notices, and Denial Notices. Each Notice will provide information explaining the outcome. We will post Notices on the secure DWH Portal for any law firm or unrepresented claimant who uses the DWH Portal. We will notify firms and unrepresented claimants by email at the end of each day if we have posted a Notice that day. Firms and unrepresented claimants may then log onto the DWH Portal to see a copy of the Notice(s). Law Firms or claimants who do not use the DWH Portal will receive Notices in the mail. Claimants who receive an Eligibility Notice and qualify for a payment will receive that payment after all appeal periods have passed, if applicable, and the claimant has submitted all necessary paperwork, including a fully executed Release and Covenant Not to Sue.

Legend:

1. Form Begun - Includes electronically filed registration or claim forms for the period of time between the moment a claimant or his attorney has initiated the submission of a form and moment they complete that filing by submitting the electronic signature. This definition also includes hard copy registration or claim forms where the DWH Intake Team is in the process of linking the scanned images and has not yet completed the data entry on that form.
2. Form Submitted - Includes electronically filed registration or claim forms after the claimant or his attorney completes the electronic signature and clicks the submit button. This definition also includes hard copy registration or claim forms where the DWH Intake Team has completed both the linking of scanned images and the data entry on that form.
3. Unique Claimants with Form Submitted - Counts the unique number of claimants with at least one Claim Form Submitted for each Claim Type. Because claimants may file claims for more than one Claim Type, the sum of all Claim Types will not equal the count of total unique claimants.
4. Notices Issued - The count of Notices Issued in Table 4 counts each unique claim issued a Notice only once. For claims issued multiple Notices, this report uses the following hierarchy when counting the claim: (1) Eligible – Payable; (2) Eligible – No Payment; (3) Denial; (4) Incomplete; (5) Withdrawn; (6) Closed.
5. Payment Information - The timing of payment can be affected by a number of factors. Even after the DHECC receives a Release, delay in receipt of a W-9, or in receipt of the Attorney Fee Acknowledgment Form can delay payment. In addition, any alterations or omissions on the Release Form, or an assertion of a third-party lien against an award amount, can delay payment. As a result, this report will show a higher number of Accepted Offers than Amounts Paid.
6. Note: The Claims Administrator continually monitors the status of all claim filings. Through this process, the Claims Administrator may find duplicate claims from the same claimant. In such cases, the Claims Administrator will close the duplicate claim and only process the remaining valid claim. This report excludes duplicate claims from all counts of claims filed.
